EXHIBITION PLANNING GUIDE

Digital Ship conferences are where people in the maritime industry with interest in digital technologies meet.

Our events cover the latest developments in satellite communications, software technology, navigation tools and electronics, to help keep shipping companies running more safely, efficiently, and with maximum comfort for the crew.

If you sell or market digital products and services to the maritime industry, we offer an unrivalled opportunity to meet potential customers around the world, and demonstrate to them what you can do.

We run events every year in Limassol (Cyprus), Bergen (Norway), Hamburg (Germany), Athens (Greece) and Singapore – with two new events starting in Autumn 2011 in Busan (South Korea) and Istanbul (Turkey).

Our events include keynote speeches from senior shipping company technical and IT managers; presentations of the latest technology; training sessions, and an exhibition. Most of our events run for 2 days with a dinner on the first night.

We invite employees of shipping companies to attend most of our events free of charge to maximise the appeal of the event to them.

Each event has a large exhibition room adjacent to the conference room, and all coffee breaks, lunches and cocktail receptions are held in the exhibition room - bringing your customers closer to your stand.

Our events are small enough to retain a sense of intimacy but large enough to make the exhibiting well worthwhile. We have typical attendees of 160 to 270 people, of which 40-50 per cent are shipping company employees.

For the most up to date information on each conference, please go to the *Digital Ship* website, and from links on the front page you can see the latest agenda for forthcoming events, a plan of exhibition stands and sponsorship opportunities showing which are available.

For a single, pre-agreed price (no added extras) our exhibition package includes:

- Exhibition stand (either shell scheme or drapes) in the event lunch / coffee break area
- 2 chairs and 1 table
- Electricity and lighting
- 3 delegate tickets for stand personnel (including full access to the conference, evening dinner and all meals) (Usual delegate fee around €600 per person)
- Company logo on the event website
- Company logo on a banner sign at the event entrance
- Logo and outline of your company in the event program
- Discounted delegate tickets for business partners

Further information about the individual events is provided on the following pages. The price of each stand varies according to location of the event, location of the stand on the floorplan, time of booking and demand. Please contact us to discuss available options further.

To discuss available positions and rates, and sponsorship opportunities, contact Ria Kontogeorgou, exhibition manager, Digital Ship Ltd
